Write four word problems about spring (2 with fractions, 2 with decimals) and solve them!	Read a poem about spring and find the theme. Ex: <i>Spring is like a Perhaps Hand, The Echoing Green, After the Winter.</i>	Practice your dialogue: write a short story that takes place in the spring!	Spring showers lead to water erosion! Look for evidence of this in your community.	March 24, 1912 Dorothy Height was born. Read more about this leader using Britannica and write a biography.	Write a song or rap about your favorite season! It should have a chorus that repeats with verses in between.
In the U.S, we make 16,563,421,045 jellybeans a year! Write that number in expanded AND word form.	Learn about spring with some non-fiction. Check out "The evolution of the word we call Spring" on Newsela!	Spring can mean the season, a body of water, or a bouncy wire. Make a list of TEN more homonyms.	New plants are popping up all over: look for 3 examples of vascular and 3 examples of non-vascular plants.	March 25, 1942 Aretha Franklin was born. Read about her Civil Rights work and listen to one of her songs!	This is the perfect time to create a landscape. Use your media of choice to capture this season!
Cooking is fun in any season! Find a recipe to make with your family and double it: a great way to practice operations with fractions!	Create a "Spring Sun" for a book: The middle is a summary, and then create 5 rays to show setting, main character, conflict, resolution, and theme.	Go outside or look out a window: describe what you see using SIX adjectives.	If you have spring candy at home, test for chemical changes: dissolve Peeps or Jelly Beans in four types of liquid you have! What happens?	March 26, 1945 The Allies secure the island of Iwo Jima. Read more about this event then write a paragraph about the importance.	Write a script from the point of view of a blooming flower in spring. Bonus points if you perform it!
